

Giant Kapla

Instruction card

Explanation

Make one or more constructions with the giant Kapla through creativity, insight and cooperation. With these blocks you can make all kinds of different creations. Think, for example, of buildings, vehicles, or animals

Required material

- Giant Kapla blocks

Gameplay

- Let the participants first think about whether they want to make one large construction together or whether they are going to make several constructions in teams.
- Have the team think about the design and construction of the structure.
- Let the participants practice with different building forms
- The team will continue to build on the construction.
- Assignment: if desired, you give the group a specific assignment: build a pyramid, build the highest possible construction, build a construction where a ball can stay on it, build a bridge over a certain distance, etc.
- **Let the participants clean up the construction again!**

Rules of the game

- Use the Kapla blocks only for building and not for other purposes.

Role of the game supervisor

- Motivating participants and encouraging them to think and collaborate.
- Supervision of the rules of the game.
- Giving tips and supporting where necessary.

If you have any questions and/or are unclear, please ask our outdoor sports staff!
